## New bus route connects residents to ferry

Map showing the new 738 bus route which will connect Maraetai and Beachlands to Pine Harbour.  
Image source / Auckland Transport.

This spring will see the introduction of a new bus service between Beachlands, Maraetai and Pine Harbour, providing a long-awaited connection for Pine Harbour ferry users.

The new 738 bus route is separate to the existing 739 bus route which runs between Maraetai, Beachlands and Botany town centre. The new route will see two buses an hour operating at peak commuting times on weekdays and hourly outside of these times. The timetable is yet to be finalised, but the last bus is expected to be at about 8:30pm with two later trips to meet later ferries on Fridays and Saturdays.

Auckland Transport is installing a number of new bus stops and shelters as it works towards the service (see schedule on page 3).

Work on the new bus route began in 2024, but AT says it then came to their attention that while they had consulted about 800 residents, some members of the community did

not receive its communications about the new 738 bus route improvements.

In mid-December 2024 AT decided to put the construction project on hold until further consultation with the community had taken place. Earlier this year more than 1870 letters were sent out to the community for this consultation to ensure everyone affected received the information and had an opportunity to share their views.

AT says a site visit was undertaken for all proposed locations on 30 May 2024 to understand the individual sites and constraints to be managed and designed around. A bus operator also completed a trial run, which ruled out the option of locating a bus stop within the Pine Harbour ferry

Editorial

by Friends of Te Wairoa

On 5 August Friends of Te Wairoa held our AGM. We love these opportunities to share with you the fantastic progress that we make each year, supporting our community and progressing projects in community-led pest plant and animal control, restoring the environment and ultimately, restoring and enhancing Te Wairoa River.

These successes are yours, and those of future generations, so they are worth taking a moment to reflect on and celebrate. Thank you for playing your part, no matter how small. It takes many people doing a little to lead to large scale change.

We invited Peter Berg of Tane’s Tree Trust to join us at the AGM and speak on the late Ian Barton’s work, including his research into native forests. Ian and Peter were great advocates for protecting and enhancing pockets of remnant native forest on private land (especially in the Wairoa River catchment), through various covenant opportunities. They also researched the viability of sustainable harvest of native timbers, through methods that do not involve clear felling. Some residents in our area still have pockets of trees resulting from some of their trials.

If you missed out, there’s another chance to hear about Ian through the Tane’s Tree Trust Symposium, being held at the Mangatangi Hall on Saturday 18 October. Email office@tanestrees.org.nz for more information and to register.

We also have a new part-time position becoming available for someone enthusiastic about plants and environmental restoration. It would suit someone who wants flexible work hours, and who already has strong community connections in the Wairoa River catchment, or can easily develop those, as community engagement comprises a large part of the role.

For more information, the job description, or questions, contact us at info@tewairoa.org.nz.

If this role is of interest but doesn’t quite fit your skillset, keep an eye on our social media as there are other roles coming up – each with a slightly

different skillset required, in different communities, but all enhancing community-led conservation efforts across Franklin!

Competition winners!

Last week the **PC Times** ran an online competition asking **Coasters** to nominate their favourite local business.

Congratulations to **Fortis Fitness**, winners of a free 6-month business directory listing on our back page!

See our back page or our **Professionals and Trades** section of the paper any time you need a job done!

CONTINUED FROM PAGE 1

terminal car park.

Responding to feedback about loss of car parking on the new bus route, AT says that when planning bus routes there are a number of factors that need to be taken into account. These include where they will be of the greatest benefit and where there is sufficient space for buses to operate safely.

“Auckland Transport acknowledges that this proposal will result in a loss of some on street parking spaces. We know that the removal of on-street parking can be inconvenient but multiple alternative locations have been considered during the investigation stage of this proposal, none of which were compliant with current Auckland Transport design standards for new bus stops ... on-street parking is only permitted when there is not an activity of greater priority that requires the use of the space. As such the establishment of bus stops takes priority over the use of this area for parking,” said AT in a response to community feedback.

Design and construction of the new bus route is expected to cost about \$1.6M.

## New bus stop construction plans

- A. Beachlands Road

  - New bus shelter at the existing stop at 129A Beachlands Road
  - Relocate the existing bus stop at 138 to 144 Beachlands Road to improve visibility.
- B. Constellation Park and Liberty Park

  - AT is working through an updated design and will carry out separate community engagement
- C. Constellation Avenue

  - New bus stops with road marking and signage at 47 and 64 Constellation Avenue.
  - Install new refuge islands at 53 Constellation Avenue to provide safer access to bus stops.
  - Upgrade the existing crossing area on Intrepid Cresnet with new pedestrian tactile pavers.
  - Install new broken yellow lines between 47 and 64 Constellation Avenue and outside 92 Intrepid Crescent to allow for safer pedestrian visibility at the existing crossing area.
  - Removal of two trees to facilitate the new bus stop at 64 Constellation Avenue and the crossing at 53 Constellation Avenue, replacement planting will be carried out.
- D. Constellation Avenue and Third View Avenue Tracking

  - Installing broken yellow lines at the intersection of Constellation Avenue and Third View Avenue to provide better visibility for vehicles and improve bus manoeuvrability.
  - Installing broken yellow lines from 125R (the reserve area) to 118 Third View Avenue.
- E. Third View Avenue

  - New bus stop and shelter at 97 Third View Avenue including road marking and signage
  - New bus stop, road marking and signage at 106 Third View Avenue including a new footpath area
  - Install new side island buildouts at 101 Third View Avenue to provide safer access to bus stops.
  - Install new broken yellow lines between 98 and 108 Third View Avenue to improve visibility and bus manoeuvrability.
- F. Second View Avenue / Pohutukawa Road

  - New bus shelter at 133 Second View Avenue
  - New bus stop, road marking and signage at 2 Pohutukawa Road (on Second View Avenue) including new footpath areas
  - Install new refuge islands and pram crossings at 2 Pohutukawa Road (on Second View Avenue) and 68 Shelly Beach Road (on Second View Avenue) to provide safer access to bus stops.
  - Install new broken yellow lines between on Second View Avenue and Shelly Bay Road to improve visibility and bus manoeuvrability.
- G. Second View Avenue / Bell Road

  - New bus stop, road marking and signage at 96 Second View Avenue
  - Upgrade the existing pram crossings at the Second View Avenue and Bell Road intersection to provide safer access to bus stops.
- Install new broken yellow lines at the Second View Avenue and Bell Road intersection to improve visibility and bus manoeuvrability.
- H. Second View Avenue / Wakelin Road

  - New bus stop, road marking and signage at 72 Second View Avenue.
  - Upgrade the existing pedestrian crossing at 44 Wakelin Road with traffic islands and pedestrian tactile pavers to provide safer access to bus stops.
  - Install new broken yellow lines at the Second View Avenue and Wakelin Road intersection to improve visibility and bus manoeuvrability.
- I. Second View Avenue and Sunkist Bay Road tracking

  - Installing broken yellow lines at the intersection of Second View Avenue and Sunkist Bay Road to provide better visibility for vehicles and improve bus manoeuvrability.
- J. Sunkist Bay Road

  - New bus stops, road marking and signage at 3 and 4A Sunkist Bay Road
  - New side island buildouts and pram crossings at 4 Sunkist Bay Road to provide safer access to bus stops
  - Install new broken yellow lines between Fourth View Avenue and Beachlands Road to improve visibility and bus manoeuvrability.
- K. Karaka Road / Winterman Road

  - New bus stop, road marking and signage at 92 Karaka Road (on Winterman Road)
  - New bus stop, bus shelter, road marking and signage at 94 Karaka Road (on Winterman Road).
  - New refuge islands, pram crossings at 2 Seventh View Avenue and 302 Jack Lachlan Drive (on Winterman Road) to provide safer access to bus stops
  - New broken yellow lines between Jack Lachlan Drive and Karaka Road to improve visibility and bus manoeuvrability.
  - New stop control road marking and signage at the Jack Lachlan Drive and Winterman Road intersection on Jack Lachlan Drive.
  - Removal of two trees to facilitate the new crossing at 2 Seventh View Avenue and 302 Jack Lachlan Drive, replacement planting will be carried out.
- L. Ninth View Avenue / Jack Lachlan Drive

  - New bus stop, road marking and signage at 51 Ninth View Avenue including ‘no idling’ signage
  - Install new broken yellow lines along Jack Lachlan Drive near the new bus stop on Ninth View
  - Avenue to improve visibility and improve bus manoeuvrability.

# AT consults on long-awaited pedestrian crossing for Clevedon main street

After a year of planning and stakeholder input, prompted by years of campaigning by Clevedon residents, Auckland Transport (AT) is seeking community feedback on two proposed pedestrian safety upgrades in Clevedon Village.

AT says it has listened to concerns from the community, and factored these into its proposal which it believes will meet the needs of Clevedon’s growing population.

AT seeks feedback on two proposed pedestrian safety improvements.

## Site 1: 16 Papakura-Clevedon Road (main street pedestrian crossing)

AT proposes to:

- Install at grade (i.e. not raised) pedestrian crossing between the Hawthorn Munro building and the Superette which is identified as the busiest informal crossing point in the village.
- Provide a new footpath in front of Clevedon Dairy to guide pedestrians away from walking behind parked cars.
- Remove the existing planted pram crossing next to the cemetery to provide 2-3 additional parking spaces.
- Improve line marking, signage and lighting where needed to support pedestrian safety.
- Apply high friction surfacing on the approaches to the new crossing to improve safety.

- Apply the 10-minute parking (P10) rule outside the main street shops at 16 Papakura–Clevedon Road

No other changes are proposed to the existing on-street parking near the shops.

## Site 2: Safer connection on North Road

AT proposes to:

- Install a new pedestrian refuge and footpath on the northern boundary of Clevedon School to improve walkability and safety for students and residents travelling between Clevedon School, the northern end of the village, and the Taitaia Stream walkway
- Remove six on-street parking spaces outside 17 and 19 North Road as “no stopping at all times” zones, and marked with broken yellow lines, to enhance visibility.
- Remove the existing pram crossing and close the current cut-through near the North Road and Mark William Place intersection
- Enhance line marking, signage and lighting to further support pedestrian safety

AT says the proposed crossing points are sited where people naturally cross, making them safer and more convenient. The crossings will also be more visible.

Improved accessibility will also be provided via upgraded footpaths and shorter crossing distances to better support

people using prams, wheelchairs and mobility aids.

AT believes the changes to parking and footpaths will make it easier to walk between shops, services, and community spaces and have been designed to support Clevedon’s future growth.

Residents are urged to share their feedback on the proposals:

- Visit [haveyoursay.at.govt.nz](https://haveyoursay.at.govt.nz) to view the proposals, search “Clevedon Village pedestrian safety”
- email: [ATengagement@at.govt.nz](mailto:ATengagement@at.govt.nz)
- call: 09 355 3553

- scan the QR code (below)
- Feedback opens on 18 August and closes on 1 September 2025.**

# Police praise bystander following water rescue

Police are commending the selfless actions of a member of the public following an incident in Pine Harbour on Sunday afternoon, which narrowly avoided a tragic outcome.

Police were called to the Pine Harbour Marina at about 4.20pm following a report of a woman in distress in the water.

Relieving Counties Manukau East Area Commander, Inspector Nga-Wati Chaplow, says the Police Air Support Unit, Deodar and Coastguard were dispatched.

“Prior to their arrival a member of the public has come to the woman’s aid, wading into the water to assist before emergency services arrived.

“This person hasn’t hesitated to help another person in their time of need.

“I would like to acknowledge their actions; for seeing something and doing something about it, they potentially saved a life.”

Inspector Chaplow says once officers arrived, they too jumped into the water to help.

“Again and again we see Police officers putting themselves in harm’s way to help others and keep our communities safe. I am extremely proud and humbled of the actions of this member of the public and my team.”

The woman was transported to hospital.

COASTAL CAT RESCUE'S  
CAT OF THE MONTH

Stunning Pearl is only around one year of age and already her world has been turned upside down. Her humans are relocating and she, and her jet-black cat friend, are not able to move with the family.

Pearl is a character. Not only is Pearl beautiful but she is also very affectionate and loves to play. As Pearl is white, she needs an inside home but if you are looking for a companion this will suit you both - she enjoys being close to her humans.

Pearl is vet-checked, desexed, vaccinated, is up to date with flea and worm treatment, microchipped (will be registered to new owner). An adoption donation applies to help us continue to give our rescue cats and kittens the best chance to enjoy the life they deserve.

If you would like to know more about Pearl or want to enquire about the other adorable cats we have in care, please email [coastalcatrescue.nz@gmail.com](mailto:coastalcatrescue.nz@gmail.com) or join Coastal Cat Rescue (NZ) on Facebook and PM. Please include a little about yourself and the home you can offer a deserving rescue companion. Pearl is in care and located in Takaanini.

COP SHOP NEWS

Prevention is Key

When it comes to keeping your property safe, one of the best things you can do is stand outside and take a good look — not as the owner, but as a potential thief. Ask yourself: How easy would it be to get in here without being noticed? Are the gates locked? Is there a ladder leaning against the side of the house? Are valuables visible through windows? Overgrown trees, dark corners, and unsecured sheds are all things offenders look for.

Taking a few minutes to assess your home or business with fresh eyes can highlight easy fixes that make a big difference.

Another key step is recording the serial numbers of your valuable items. Bikes, power tools, electronics — if it has a serial number, write it down and take a photo of the item. If it ever goes missing, this information can be vital in helping Police identify and return stolen property. This information will also help with insurance claims.

Boy Racers

Police are aware that vehicles are gathering to do burnouts, race, or cause noise and disruption in the area. This behaviour can be intimidating, dangerous, and a real nuisance for residents. If you see this happening, don't hesitate to call 111 — especially if it's happening now. If you're reporting it after the fact or have

footage or information that may help, use 105 or head to [police.govt.nz/105](https://www.police.govt.nz/105).

Community Cam

If you have CCTV or a doorbell camera, consider registering your system on Community Cam ([www.communitycam.co.nz](https://www.communitycam.co.nz)). This free, secure platform allows Police to know who in the area has cameras, which can be crucial when trying to identify offenders or vehicles of interest. You stay in control of your footage, but we know who to contact if something happens nearby – and that can make all the difference.

Community Response Team

You may have seen various notices about getting involved with the Clevedon Community Response Team. They are hosting an information evening on Thursday 21 August 2025 at the Clevedon Community Hall 5:30pm-7:30pm. Even if you are not sure how exactly you can assist, you are more than welcome to come along. It's a great opportunity to ask questions, learn more about opportunities, and find out how you can help your area in times of need.

Let's work together to stay safe, stay alert, and stay connected.

- by Clevedon Community Constable  
Lauren Dalley

# Chasing Joy: a second home for the Coast's little learners

- by Chasing Joy Early Learning

At Chasing Joy, we believe that early childhood is not just a stage of life - it's the foundation of everything that follows. That's why we've built our centre on a philosophy that prioritises deep, respectful relationships, strong community connections, and uncompromising quality of care.

From the moment a child walks through our doors, they're welcomed into a space that values who they are and celebrates their unique journey. Our kaiako (teachers) take the time to get to know each child and their whānau, creating an environment that feels like a second home. This relational approach helps children feel safe, secure, and ready to explore the world around them.

Our centre's name - Chasing Joy - is more than just a feel-good phrase. It's our daily mission. We look for joy in the little things: the laughter during a muddy play session, the pride on a child's face when they master something new, the comfort of familiar routines and warm connections. We see joy as a sign of wellbeing, belonging, and flourishing.

What truly sets Chasing Joy apart is how closely we work with our wider community. Whether it's visits to the Pōhutukawa Landing retirement village, gathering litter on our local beaches, or inviting parents and whānau to share their culture and passions with us, we see ourselves as part of a living, breathing network. We're not just preparing children for school - we're helping them understand what it means to be active, empathetic members of a community.

We also recognise the enormous trust parents place in us. That's why we go above and beyond in our care, staffing well above minimum ratios, investing in ongoing professional

development, and creating calm, considered environments where learning and play happen side by side.

To all the families who are part of our Chasing Joy whānau - thank you for walking alongside us. And to those considering joining us, we'd love to welcome you in for a visit and show

you what makes our centre such a special place. Right now, we're offering a Winter Special - 25% off fees for the first six months. To find out more, give us a call on 09 281 3615 or pop in and see us at 49 Mahutonga Avenue, Beachlands.

BARFOOT THOMPSON & Student Voice

LOCAL STUDENTS' NEWS, VIEWS & LITERARY TALENT

This column features news, views and literary talents of students from Beachlands, Maraetai, Clevedon, Brookby, Hunua, Paparimu, Oreo and Ardmore Schools.

One student featured each week will be presented with a certificate and a \$20 book voucher, thanks to Barfoot & Thompson's Beachlands and Whitford branches.

This week's voucher sponsored by Matthew Brown

### Kupe and the Giant Te Wheke!

The black octopus swiftly moved in the ocean. The blue ocean smashed into the waka. Kupe smashed the mere into the middle of Te Wheke's eyes. The giant slimy tentacles grabbed the waka and almost tipped it over! Kupe chanted a magic spell to keep Te Wheke from diving back under the deep water. Fearlessly they dashed after Te Wheke under the steaming hot sun, and also beneath the dark blue night filled with twinkling stars. They followed the giant octopus through a huge fierce storm and towering waves, which nearly destroyed the waka. Suddenly someone bellowed, "A long white cloud. It must be land!"

# Spec-tacular recycling – giving old glasses a new lease on life

**- by Howick Village Optometrists**  
Sustainability in optometry? Surely not? Yet every day we recycle something in our busy little practice. In our office paper, cardboard, soft plastics, contact lens cases, and even used spectacles are recycled. We collect kilos of spectacles every year which are sent on to the Lions who then refurbish what they can. They re-use and recycle the parts they cannot use. The Lions then distribute them to those less fortunate here and in the Pacific Islands. The gift of sight is such a precious gift.

**Show your specs some love with a WOF**  
Your car needs a WOF and why not WOF your spectacles? Tighten the screws, change the nose pads and a thorough cleaning will extend the life of your spectacles.  
This is a service we offer all our clients and it is as simple as popping in and asking for a WOF.

**Re-use your frames**  
If you like your frame but need the prescription lenses updated, then please consider re-using it. We can assess it for you and see if it is able to be re-lensed. Choosing a new frame is very daunting for some people. At

Howick Village Optometrists we have qualified staff ready to assist you as to suitability, size, fit, and comfort. These are all important parts in the process of choosing a frame. If you feel it is time for a new look then we have one of Auckland's largest range of frames available.

## PUBLIC NOTICES

### Franklin Local Board meeting

A meeting will be held on Tuesday, 26 August at 9.30am in the Leslie Comrie Board Room, Level 1 Franklin the Centre, 12 Massey Ave, Pukekohe.

**Find out more: phone 09 301 0101 or visit [aucklandcouncil.govt.nz](http://aucklandcouncil.govt.nz)**

### Application Of Sodium Fluoroacetate (1080)

#### Hūnua Ranges Pest Management Programme

Auckland Council plans to apply 1080 (sodium fluoroacetate) to the public and private land in the Hūnua Ranges area between **early August and late September 2025**.

Treatment areas include Hūnua Ranges, Waharau and Whakatiwai regional parks and the Department of Conservation (DOC) administered Maitaitai Conservation Area, Paparimu Conservation Area, Mangatawhiri Forest Conservation Area, Vining Scenic Reserve and some private land.

Application will be by helicopter and will be carried out in two blocks –the project is weather dependent.

The regional parklands and DOC walking tracks will be closed to the public during both the non-toxic pre-feed and toxic bait application. The parklands will reopen once a comprehensive track clearance programme has been completed.

**Safety information:**

- Watch children at all times
- Do not touch bait
- **The 1080 toxin is deadly to dogs.** Dog owners should take extreme to supervise dogs and prevent scavenging, during the operation and the caution period that follows
- Do not eat animals from this area

For further information, including maps, visit [aucklandcouncil.govt.nz/hunuaproject](http://aucklandcouncil.govt.nz/hunuaproject) or email [hunuaproject@aucklandcouncil.govt.nz](mailto:hunuaproject@aucklandcouncil.govt.nz)

**Find out more: phone 09 301 0101 or visit [aucklandcouncil.govt.nz](http://aucklandcouncil.govt.nz)**
