It's time to dust off the running and walking shoes – the Rotary ALLFIT Coastal Fun Run is back, and it's still one of the most spectacular coastal fun runs you'll find anywhere in Auckland. Organised by the local Rotary club, the event is in its seventh year.

Everything kicks off and wraps up at Te Puru Park, with all events looping back to finish right where you started – whether you're doing the 5km, 10km, or the 1km Kid's Dash. No buses, no fuss – just you, the course, and some of the best views around.

The routes make the most of the lovely track around Ōmana Regional Park, so you'll get a mix of coastal scenery and a wee bush trail section to keep things interesting.

If you're after a great goal to help kick your summer fitness into gear, this is it!

Save with Early Bird Pricing – Closes 26 September

Last day is Friday 26 September to get the Early Bird deal at www.rotarycoastalrun.nz. Families get 20% off (applied during registration), plus every adult entry comes with a complimentary Kid's Dash ticket for your child.

All proceeds go to charity, so your effort will make a difference.

- What's On Offer:
- Team options over 5km for adults and children – rally your mates, school, or work crew.
 - All 5km and 10km runners are electronically timed and receive a shiny finisher's medal.
 - Kids doing the 1km Dash get their own finisher prize.
 - Spot prizes galore at the prizegiving,
- with extra entertainment this year for kids thanks to Te Puru Community Centre.
- For the latest updates and to get tickets, head to rotarycoastalrun.nz or follow us on Facebook at facebook.com/RotaryCoastal.

Maraetai Beach School is the latest benefactor of a stunning mural created by local artist Sandra Russell.

Sandra was commissioned by the Rotary Club of Pōhutukawa Coast to paint the tuturiwhatu, or New Zealand dotterel, as a way of inspiring young conservationists.

The artwork was formally presented to Maraetai Beach School principal, Lou Reddy, by the Rotary club last month. The dotterel, a shorebird found along local coastlines, is classified as at risk and relies on careful management to survive.

The mural is similar to an earlier work by Sandra Russell, again commissioned by Rotary, of a kōkako painting now installed at Beachlands School. Both artworks aim to spark children's interest in nature and encourage them to take an active role in caring for their environment.

Rotary president John Stacey says the initiative aligns with other Rotary environmental projects, such as the recent Rotary Nature Photo Competition.

Beachlands students stitch up national title at TOI awards

Beachlands School students Fenix Wong, Savanna Robinson and Maggie Leckie couldn't keep the smiles off their faces last Thursday, after learning they had won first place in the Junior category at the national TOI wearable arts competition.

Winning a hotly-contested national competition was a huge achievement for the girls, says teacher and wearable arts mentor Emma Klokke. "Until this year, none of them had ever used a sewing machine before. They had to learn everything, including how to hand-stitch the reflective decorations on the outfit." Emma says the girls began working on their costume early this year.

"They had their idea from the start, they knew exactly what they wanted to do," she says.

The result was 'Bear' - an imaginary friend who gives warm fuzzy hugs, and literally lights up the world (with hand-sewn in lights) with love and kindness. The students say Bear captures the feeling of a best friend, and how a friend makes you feel inside your heart, brings light into your life, and reminds you that even when you are alone, you're never truly by yourself.

TOI judges said: "Playful and imaginative, Bear combines cosmic patterns with a whimsical teddy bear character to create an impactful story of a girl and her best friend, Bear. The story

told by this art piece reads clear and sings to our souls."

2025 was TOI's biggest year ever, attracting 695 garment entries from over 100 schools across the country. Beachlands School punched well above its weight, with three entries winning awards at the national final.

Students Iris Boggs, Jemma Brooke, Georgia Dalbeth and Imogen McLeigh won the national award for Best Interpretation of Design Brief in the 'Rewind Time' category with their costume 'From Skyscrapers to Smiles', which was also a national finalist.

Vydia Wong and Georgia Murray received a national highly commended award for their costume 'Where are the Trees?'.

As first place national winners, Fenix, Savanna and Maggie have won tickets to attend the World Of Wearable Arts (WOW) 2025 show 'RISE', as well as a sewing machine from Bernina, a \$100 voucher from The Fabric Store and a WOW prize pack. As national finalists, students Iris, Jemma, Georgia and Imogen won a Bernina sewing machine and a WOW prize pack.

The Clevedon Association hosts business breakfast for locals

The Clevedon Association (formerly the Clevedon Community and Business Association) hosted the first in a series of Wairoa Business Breakfasts late last month.

The event at Windross Farm Golf Course attracted a full house of local residents and business owners, who gathered to hear about current and future plans for Franklin from guest speakers Christina Rogstad (Franklin Local Board economic broker), former deputy mayor Bill Cashmore and Franklin Local Board chair Angela Fulljames.

Breakfast sponsors Forsyth Barr gave an overview of the national and global financial markets.

Right: members of the Clevedon community enjoy breakfast while hearing about current and future plans for the Franklin area.

Volunteers wanted for Turanga restoration project

A group of local volunteers has kicked off the Turanga Restoration Project – a long-term mission to remove invasive weeds in Whitford working alongside Predator Free Whitford, with support from Auckland Council and the Franklin Local Board.

The group’s first task is to restore native biodiversity along the beautiful Potts Road walkway / bridle trail in Whitford.

For that they need plenty of help, and the group is calling on the local community to get involved in helping to protect and regenerate this special place.

Each Saturday the group spends time eliminating invasive pest plants like gorse, privet, woolly nightshade, moth plant, radiata pine seedlings, cotoneaster, honeysuckle, and jasmine.

Group spokesperson Sarah Blong says removing weeds creates space for native plants, improves soil health and long-term stability, supports biodiversity and climate resilience and restores food and habitat for native wildlife.

Want to help?

Join the crew every Saturday at 9am (even once a month is a help).

Meet at the grassy verge 2 minutes along the walkway from the Potts Rd entrance (near 64 Potts Rd).

Parking is available at entrance.

What to bring: gardening gloves, loppers,

L-R: Molly the dog, Stu Berry, Marcus Lonsdale-Cooper and Peter Smith help tackle weeds on the Clifton peninsular.

secateurs, and your community spirit!

Please note this activity is not suitable for children. Volunteers are responsible for their own health and safety.

Got questions or keen to join?

Community considers Whitford Landfill proposals

Waste Management representatives address a full house at Whitford Hall.

Local residents packed Whitford Hall last Thursday evening, keen to hear about Waste Management's options for dealing with Auckland's waste over the coming years.

As reported in *PC Times* 'issue 1584, Waste Management is proposing three options for dealing with landfill from 2028 until the mid 2030s. One of these options includes sending all of Auckland's waste to the Whitford landfill, while another option suggests waste be split between Whitford and Redvale landfills as it is now.

Feedback on the proposals is open until 25 August at www.wm.nz/consultation.

Kracka visits Franklin Vets after swallowing fishhook

by Franklin Vets

Kracka came in to see us after a trip to one of our local beaches. He had run up to one of the locals fishing and eaten something off the ground near where they were standing. His owner was confident it was a baited fishhook, as too late they noticed him hurriedly swallowing some line!

After a thorough clinical examination, our vet sedated him to take X-rays of his abdomen. The fishhook was immediately obvious, and we put him under general anaesthetic and performed exploratory abdominal surgery to find where in the intestines the fishhook was sitting.

The surgery went very well, and the hook was removed. Kracka was incredibly lucky he hadn't eaten too much line, as long stretches of material like wool or fishing line can make intestinal surgery very difficult.

Throughout the whole journey, Kracka remained such a good boy and had a steady recovery. After all his post-operative care, revisits, and some well-deserved TLC, he's now back to his happy, energetic self.

Top: X-rays taken at Franklin Vets show the fishhook in Kracka's abdomen. Right: A happy Kracka following successful surgery.
